2. Reason

We plan not to pay our interim dividend of FY2014, because our financial forecasts for the half - year ending 9/2013 (consolidated, non-consolidated) are painful and the future outlook of its business environment remains uncertain.

Year-end dividend forecast of FY 2014 cannot be made at this point because a reasonable forecast for FY2014 (Year ending Mar. 31, 2014) cannot be made at this point continuously.
