Tel: 050-7105-9084

It became clear that our employees and our subcontractors' employees had browsed and used information on customers of other power producers and suppliers (hereinafter the Information on Customers of New Electric Power) which was managed by Kansai Transmission and Distribution, Inc. (hereinafter, Kansai Transmission and Distribution) in December 2022. Accordingly, we reported the result of investigation into this case, etc. to the Electricity and Gas Market Surveillance Commission (hereinafter, the Surveillance Commission) on January 13, 2023 and January 27, 2023 and to the Personal Information Protection Commission (hereinafter, the Protection Commission) on January 20, 2023.

Today we received from Kansai Transmission and Distribution the actual result that our employees and our subcontractors' employees had browsed the Information on Customers of New Electric Power for a period between April 1, 2022 and December 19, 2022. Accordingly, we reported the above to the Surveillance Commission and the Protection Commission.

In the future, we will closely investigate the contents of the actual result of browsing and appropriately respond to them, with guidance from the supervisory authorities and the Compliance Committee.

<Outline of the actual result of browsing reported this time*>

	Actual result of browsing for a period between April 1, 2022 and December 19, 2022
The number of employees browsed	1,013 (Our employees and our subcontractors' employees)

* The actual result of browsing four screens at the wheeling operation system as announced on December 27, 2022 (investigated by Kansai Transmission and Distribution)

If with respect to this case there occurs matters to be disclosed, we will promptly announce them.
