Kansai Electric Power Group

Your Trusted Partner in Energy and Life

Comprehensive Energy Supply	Information and Telecommunications (IT)	Amenity Services in Daily Life	Group Business Support
Through combinations of our energy supply and energy management services, with a focus on our Utility Service, Kansai Electric Power offers customers solutions for optimal energy use according to their individual needs for saving energy, reducing costs, or lowering CO ₂ emissions.	Based on optical fiber networks and mobile networks that cover all of the Kansai region, Kansai Electric Power offers comprehensive, timely communication services closely aligned with customer needs, leading to high customer satisfaction.	We offer numerous services to bring safety, security, comfort, and convenience to customers. These services include: the building of energy-saving, low-carbon homes and offices, home security, nursing care, and support for health management.	We provide support for the safe, stable supply of electricity, and utilize our expertise in quality and technologies gained in the power industry together with the group's know-how and management resources to supply numerous services both domestically and internationally. The results of such initiatives provide additional feedback for improving our services and for maintaining and improving quality in the power industry.
